# OUR STORY

Warong Panda is a Chinese 'Sai Chow' restaurant specialising in halal Nusantara Chinese cuisine. Warong Panda serves popular dishes originating from China – predominantly based on an eclectic repertoire of Fujian, Cantonese, Hakka and Teochew cuisines – which gradually became infused with the characteristics of their new home locale throughout the Nusantara (the Malay Archipelago).

Our recipes incorporate the organising principles of Chinese cuisine and the complex flavours derived from Indian and regional herbs and spices resulting in dishes that can be sweet, sour, salty, spicy and bitter all in the same bite! As with most Nusantara meals, Warong Panda's meal is made up of mostly rice, quality protein and fresh vegetables. Rice serves as a neutral "canvas" on which flavours were provided by proteins and vegetables to finish a wholesome, satisfying meal. At Warong Panda, we endeavour to serve hot meals at an affordable price so you may have a wholesome meal anytime without ever leaving home. And what's more? We

promise to deliver within 45 minutes!
